

Teach me to fly

There were times,
when I could not speak
when I could not sing
and there was no way
I know it sounding quite absurd
I search and now I've found the words

Ref.:

And you teach me to fly
And you teach me to fly
I just look at the fields of our love
When we're flying above
And you teach me to fly
And you teach me to fly
I just look at the fields of our love
When we're flying above

And maybe sometimes
I cannot remember why
I always tried to live
My life alone
I've found what I'm looking for
Whith you life is so much more

I know I can fly
When I spread my wings
I never go down
