

Would you

Would you cry with me
If my heart was broke
If I reached out for you
Would you be there to hold
I just need to know, would you do that for me?

Would you look in my eyes
If I need to talk
Will you laugh with me
For no reason at all
I just need to know, would you do that for me?

Chorus

I`d sacrifice
Lay it all on the line
When I give you my heart it`s for life
Nothing I wouldn`t do
If you ask me to
I`ll reveal all the secrets inside that my soul wants to keep
Would you do that for me?

Would you dance in the rain
With no music at all

Can I trust that your arms
Won`t let me fall
I just need to know would you do that for me

Chorus

I`d sacrifice
Lay it all on the line
When I give you my heart it`s for life
Nothing I wouldn`t do
If you ask me to
I`ll reveal all the secrets inside that my soul wants to keep
Would you do that for me?

Would you dance in the rain
With no music at all

Am I asking to much
Is this more than you want
I wanna believe what I see

Chorus

I`d sacrifice
Lay it all on the line
When I give you my heart it`s for life
Nothing I wouldn`t do
If you ask me to
I`ll reveal all the secrets inside that my soul wants to keep
Would you do that for me?

Would you dance in the rain
With no music at all
